

# She Moves Me

## Muddy Waters

She moves me man  
People, I don't see how it's doneShe moves me man  
And people, I don't see how it's doneShe got a pocket full of money  
Little doll, don't try to help me noneShe moves me  
When she get drunken, then she say, "I'm not nowhere?"  
She go on callin' me a dumbbell  
So I ain't nothing but a squareShe moves me man  
People, I don't see how it's doneShe got a pocket full of money  
My baby, don't try to help me noneShe moved a crazy man  
Who say, "Now, I'm not so dumb"  
I take her to a funeral, boy  
And the dead jumped up and runShe moves me man  
People, I don't see how it's doneShe got a pocket full of money  
My baby, don't try to help me noneShe moves me man  
People, I don't see how it's doneShe moves me man  
People, I don't see how it's doneShe got a pocket full of money, full of money  
My baby, don't try to help me none
