Seeing Red

Militia

Inside my book of coloring
A child mind succumbs defeat
A defect in the minds' own tragedy
I climb too high too low to breathe
You control me I can't tolerate
I can medicate incinerate
A mindless fuck a criminal a rape
It's all inside
It's all inside my head ain't no reasoning
I'm just seeing red
In blasphemy to you I pray
My lil pill controls the rage
Until the day untwist insanity
Train the sights on my disease
