Made Of

Nause

(Of, of, of, of)
This is what I'm made of
(Of, of, of)You can try but never stop me
This is what I'm made of
I will never ever let go
This is what I'm made of
No one can control me
'Cause this is what I'm made of
You can hate but never break me
This is what I'm made of
This is what I'm made ofYou can try but never stop me
This is what I'm made of
I will never ever let go
This is what I'm made of
No one can control me
'Cause this is what I'm made of
You can hate but never break me
This is what I'm made of
This is what I'm made ofYou can try but never stop me
This is what I'm made of
I will never ever let go
This is what I'm made of
No one can control me
'Cause this is what I'm made of
You can hate but never break me
This is what I'm made of
This is what I'm made of
