

# My Mind (Is Lost My Head)

## Cottonwood Firing Squad

I've got my head upon the fields  
I'm breathing in, breathing out  
marigold

you, you're my only friend  
won't you carry me home

my mind is lost my head again  
my mind is lost my head  
my mind is lost my head again  
my mind is lost my head

you, you're my only friend  
won't you carry me home

my mind is lost my head again  
my mind is lost my head  
my mind is lost my head again  
my mind is lost my head
