

Licking the Palm for Guava

Ween

[Incomprehensible]It was a cold, dark night
No hope in sight
I left my little hut
And went to the palm
To get some guavaLicking the palm for guava
Licking the palm for guava
Yes, when you're old and you're not very youngLick the palm for guava
Lick the palm
When you're old and you're not very young
Lick the palm for guava
