

# I Will Carry You

## K's Choice

Take a closer look at the eyes you see  
They're tired of always watching me inside  
I will carry you tonight  
On the outside I'm this concrete wall  
On the outside I'm all rock and roll  
Well, I tell you under bass and tone  
I'm a whole lot smaller than a pebble stone and  
I get up but I keep on falling  
I could shout but I keep it all in  
I hope that that's alright  
I will carry you tonight  
Take a look at the face you hold  
There's a whole lot of fire but it's really cold inside  
I will carry you tonight  
On the outside I am 1, 2, 3  
I am bigger than a galaxy but  
Later I'll be driving home  
And I'll wonder what I'm doing here and  
I get up but I keep on falling  
I could shout but I keep it all in  
I hope that that's alright  
I will carry you tonight  
I get up but I keep on falling  
I could shout but I keep it all in  
I hope that that's alright  
I will carry you tonight
