

# Better Days

## Bass Drum Of Death

I don't want be dead, sittin' on my own  
In the fear and despair, if it's not it  
All along I was kept from better days  
(but I don't wanna be)  
All along I was kept from better days  
(but I don't wanna be)  
All along I was kept from better days  
(but I don't wanna be)  
All along I was kept from better days  
(aaaaahh)  
To be with you  
(aaaaahh)  
To be with you  
(aaaaahh)  
To be with you  
I'm walkin' away, with one right turn  
Took too many nights, for me to learn  
All along I was kept from better days  
(but I don't wanna be)  
All along I was kept from better days  
(but I don't wanna be)  
All along I was kept from better days  
(but I don't wanna be)  
All along I was kept from better days  
(aaaaahh)  
To be with you  
(aaaaahh)  
To be with you  
(aaaaahh)  
To be with you  
End.
