

Get On Up

Jodeci

Yeah, said it sounds so good to me
You gotta get on up
Gotta get on up, yeah, yeah, yeah, yeah
You gotta get on up, now
Say it again, JodeciGet on up
Gotta get on up
You gotta get on up, now
Wait a minute, let me tell youEverybody grab somebody
Turn this mutha into a party
Fellas take your lady's hand
Ladies go and choose your manThere's no need to be afraid
Friday night, let's all get paid
Positive is the attitude
Negative is not the moodGet on up, no, no
You gotta get on up
You gotta get on up, now
Let's say it againGet on up
And you can't sit down
You gotta get on up, now
And you can't sit downNow that everybody's movin'
Everybody in here is groovin'
Everything is alright
This atmosphere is so niceThe D.J. is doin' his duty
All the ladies shakin' their booty
And the night is still young
And the party's just begun, yeahGet on up
And you can't sit down
You gotta get on up, now
And you can't sit downGet on up
Get on up
And you can't sit down
You gotta get on up, nowGet on up
And you can't sit down
You gotta get on up, now
And you can't sit downGet on up
And you can't sit down
You gotta get on up, nowParty, party, party all day, baby
All day, don't you never, never
Never, never, never stop

Never stop, never stop
And you can't sit downGet on up
And you can't sit down
You gotta get on up, now
And you can't sit downGet on up
Everybody just get on up
You gotta get on up, now
Get on up, ooh yeahIt feels so good
Said it feels so good
Said it feels so good
I just wanna get on upAnd you can't sit down
And you can't sit down
You gotta get on up, now
And you can't sit down
You gotta get on up
Get on up
