

# Animal Magic

## Belouis Some

Girl hurt she's afraid of the dark,  
Afraid of being used afraid of going back again.  
A girl know's she's so lost.  
The boy she use to love is screaming for her love again.

You're not so wild you can't be tamed  
you're not so free that you can't be framed

(Chorus)

I could use this magic too  
I could see your mystery through

It's animal, it's passion, it's magic  
It's animal, animal magic

The things you do to me  
The way you make me feel  
It's animal, animal....

Girl smiles and hesitates  
Her hand is steady but her heart can't wait  
It's not the sorrow it's not the pain  
There's a hundred different reasons that she can't explain

You're not so wild you can't be tamed  
you're not so free that you can't be framed

(Chorus)

Fade:

.. its passion, its tragic, its animal, animal magic.. the things you do to me, the way you make feel,

the things you make me say,

the things you made you do, the way you made me feel, the things you made me say.. its animal ohhh yeah!!
