Stay Beautiful

The Last Goodnight

Sunday morning at the door
You were coming back for more
We were kicking it all aroundI was looking in your eyes
You thought it was justified
You said, m-m-moreDon't stop, dont change, stay beautiful
One life, today you're irresistible
Get up, get out, stay wonderful
All this time is waiting for you
Don't stop, don't change, stay beautifulPoison kisses in the rain
You were calling out my name
Laughing like the joke was on meSingin' ba da da ba da da
Ba da da ba da da
Ba ba ba ba daDon't stop, dont change, stay beautiful
One life, today is undeniable
Get up, get out, stay wonderful
All this time is waiting for you
Don't stop, don't change, stay beautifulPost cards, throwing darts, side kicks and super marts
Break dance, second chance, I will run to you
Sideways, back and forth, wake up, hit the floor
Oh no, where'd you go? It will come to youOne more day like this, one more poison kiss
One more hand to fist, I will run to you
Always first in line, always one my mind
Always doing fine, it will come to youBa da da, ba da da
Ba da da, ba da da
Ba ba ba ba daDon't stop, don't change, stay beautiful
One life, today you're irresistible
Get up, get out, stay wonderful
All this time is waiting for youDon't stop, don't change, stay beautiful
One life, today you're irresistible
Get up, get out, stay wonderful
All this time is waiting for youDont stop, dont change, stay beautiful
One life, today you're irresistible
Get up, get out, stay wonderful
All this time is waiting for you
All this time is waiting for you
