Fly

Blind Guardian

Stop, be quiet now
Out with the light and
Then up and down it goes
Fly out with the lightThere at the door, the inspiration I've looked for
Spirit of the youth appearsNo one ever dares to speak, it's nothing else but fantasy
It's make believe, make believe
No one ever dares to speak, it's nothing else but fantasy
One day it all will come to lifeStep out of line
And I'll teach you how to fly
Then away we'll go, leave your mark
Leave your mark in the land of mineThe second one to the right and then
Straight on until morning lightOh, stop, be quiet now
No irritation
No, not the slightest doubtWe go at once, quick, we better hurry
There from the road I sense the end of fun gets near
Wonderful thoughts and imaginations
These dreams will lift you upWhat is it like?
You ask me, my dear
Will there be fairies
Or things to fear?For fairies sake I'd say
You better come with me so soon you'll see
Now up and down it goes and round
Round and round and roundPraise to my cleverness they all follow me
All praise to innocence, that's everything it needs
Fly in, fly out, they leave it all behindNo one ever dares to speak, it's nothing else but fantasy
It's make believe, make believe
No one ever dares to speak, it's nothing else but fantasy
One day it all will come to lifeStep out of line
And I'll teach you how to fly
Then away we'll go, leave your mark
Leave your mark in the land of mineLife is a map and it is quite confusing
The lights are up now let the play begin
She flies, she flies, into the light she fliesNo words like 'Just' in mind
She's finding Neverland
There on the day she dies
Don't stop it now, she still enjoys the sceneDon't stop it now
Don't stop it now
Don't stop it now
Don't stop it now, now, nowNo one ever dares to speak, it's nothing else but fantasy

It's make believe, make believe
No one ever dares to speak, it's nothing else but fantasy
One day it all will come to lifeStep out of line
And I'll teach you how to fly
Then away we'll go, leave your mark
Leave your mark in the land of mine
