

Saturday

[IO Perry](#)

How I miss you
When you comin? home
Where you been to you can telephone
Since the time when I still find it now
That our love is
Just a passing thought
I kissed you on a Saturday
I miss you even more today

You know it kills me
When you?re gone so long
I said I?m sorry oh I was wrong

It?s hard to see things how they are
Look in closely but its very hard

I kissed you on a Saturday
I miss you even more today
