

# Katie Wants a Fast One

[Steve Wariner](#)

Ridin' down the road in her oldsmobile  
Tappin on the floorboard bangin' on the wheel  
Punchin' every button on the radio  
But everything's too slowKatie wants a fast one  
Quicker than the last one  
Only two times she gets that rush  
Is makin' tracks and kickin' up dust  
Katie wants a fast one you know she's gotta have one  
Cause that's what makes her motor run  
Katie wants a fast oneTearin' up the yard on the ridin' mower  
A neighbor yells Katie better go a little slower  
Takin' every corner up on two wheels  
Is how she gets her thrillsChompin' at the bit in the checkout line  
Katie's got a thing about wastin' time  
If she pulls up behind you in the car pool lane  
Just get out of her way
