

# Life On the Run

Dierks Bentley

She never knew my name, least not the one my daddy gave me  
I took off the way I came, moonlight reflectin' off the chrome  
She didn't want my story so I didn't have to lie  
If I loved her it was only for a night Livin' life on the run  
You can't give your heart to no one  
Your only friend is the settin' sun  
I didn't do what they said I done I gotta stay one step ahead  
Or one of these days I'm gonna wake up dead  
Dropped in my tracks by a bullet from a lawman's gun  
Oh, you can't rest a minute when you're livin' life on the run The white lines on the road that's the only trail I  
leave behind me  
Been chasin' high-line poles ever since the night I skipped out of town  
Somewhere in the distance is where I need to be  
All I care about right now is speed Livin' life on the run  
You can't give your heart to no one  
Your only friend is the settin' sun  
I didn't do what they said I done I gotta stay one step ahead  
Or one of these days I'm gonna wake up dead  
Dropped in my tracks by a bullet from a lawman's gun  
Oh, you can't rest a minute when you're livin' life on the run Here we go Here they come now, gotta lay low  
Done bent the law till the law got broke  
Here they come now, gotta lay low-ow-ow-ow-ow Here they come now, they're closin' in  
Pack of bloodhounds gonna catch my scent  
Here they come now, now I'm gone again, yeah Livin' life on the run  
You can't give your heart to no one  
You can't rest a minute when you're livin' life on the run  
No, you can't rest a minute when you're livin' life on the run
