Breathe

Miss A(ë¯¸ìŠ¤ì—•ì•´)

won't try to hide my feelings and my needs
won't try to hide my feelings and my needs
and i know what i've been told
and i know what you should know
won't try to hide my feelings and my needsoh oh oh oh oh i can't breathe 4Xboy you look so fine i want you mine so bad
i'm seeing you walk down the hall
forget to breathe everytime
my feet don't seems to wanna move
my body is frozen now
my leg is shaking all the vain
down right to both my knees(can't believe my eyes what i have seen)
you're pretty face
(maybe you are the right one for me)
i want you bad
(fall head over heel)
not sure if your are real
(just seeing you walk pass by me i can not breathe)won't try to hide my feelings and my needs
won't try to hide my feelings and my needs
and i know what i've been told
and i know what you should know
won't try to hide my feelings and my needsno, i won't let go (go)
baby i am craving for you, don't go
(i gotta let you know, baby i will let you know)
and in my mind i know
that i have to let it out of me
(even if i can not breathe), won't stop
even if i cant breathe(can't believe my eyes what i have seen)
you're pretty face
(maybe you are the right one for me)
i want you bad
(fall head over heel)
not sure if your are real
(just seeing you walk pass by me i can not breathe)won't try to hide my feelings and my needs
won't try to hide my feelings and my needs
and i know what i've been told
and i know what you should know
won't try to hide my feelings and my needsoh oh oh oh oh i can't breathe 4Xso just let just hold you tight and never let you go

cause your one that i've been looking for even if you say no
cause my heart love you so
