

Tears in Your Life

Electric Light Orchestra

Tears in your life
Nothing but tears in your life
They come to you in the night
Tears in your life Softly they call
Gathering slowly they fall
You see those tears and they're all
Tears in your life Tears in your life
Tears in your life
Tears in your life
Tears in your life Tears in your life
Nothing but tears in your life
Heartbroken fool's paradise
Tears in your life Softly they call
Gathering slowly they fall
You see those tears and they're all
Tears in your life Tears in your life
Tears in your life
Tears in your life
