

Big Steel Bridges

Kingdom Jasmine

I'll be realistic know she's probably not the one
Love, it's hard to argue when you've loaded up your gun
She said we can make it to the summer maybe more
We can always fake it if we both decide we've bored

Big steel bridges are gonna fall some way
And I don't care, as long as there's no cars out there
â€œCoz big this input here for drowning in
Neither a human be it
So send it up before we both go down (x3) before we both go down...

She said I still love you while you're out there on the road
I said girl you're breaking up, well really I don't know
I'm not getting signal there's no towers in my sight
I forgot the face you made when I left you that night, that night...

Time fit in the backseat of a dirty rattle car
Dancers sacred of bridges man weâ€™ll never make it far
Opened up she shows up on the crowd when we rode through
I can make this equid every number that we do

Big steel bridges are gonna fall some way
And I don't care, as long as there's no cars out there
â€œCoz big this input here for drowning in
Neither a human be it
So send it up before we both go down (x3) before we both go down...
