Third Rock From The Sun

Joe Diffie

Welcome to Earth, third rock from the sun
She walks into Smokey's one hip at a time
Like a broken field runner, slippin' through the line
He likes the way she looks so he calls the liltle wife
Says, don't wait up for me, I'll be workin' late tonight
Wife hangs up the phone bursts into tears
Calls her sister up and cries get over here
Sister tells her boyfriend be back in a while
Boyfriend wants a beer, the store is just a mile
He leaves the motor runnin', he'll only be a minute
His car drives away with teenagers in it
The driver tells his buddies got one life to live
They scream into the night, let's get it over with
Cause and effect, chain of events
All of the chaos makes perfect sense
When you're spinnin' 'round, things come undone
Welcome to Earth, third rock from the sun
The kid guns the gas, car starts to swerve
Heads for the semi truck jumps the curb
Truck hits the big boy in Schoney's parkin' lot
Who flies through the air takes out the bank clock

Clock strikes a light pole transformer sparks
Lines go down, the town goes dark
Waitress calls the cops says, she saw it all
Swears a giant alien has landed at the mall
Cops ring up the Mayor, say there's panic in the streets
We hate to wake you up but we can't find the chief
Mayor says, use your head if he ain't in his car
He's hidin' from his wife down at Smokey's bar
Cause and effect, chain of events
All of the chaos makes perfect sense
When you're spinnin' 'round, things come undone
Welcome to Earth, third rock from the sun
Cause and effect, chain of events
All of the chaos makes perfect sense
When you're spinnin' 'round, things come undone
Welcome to Earth, third rock from the sun
Welcome to Earth, third rock from the sun

Welcome to Earth, third rock from the sun
Welcome to Earth, third rock from the sun
