

Cinderella Smile

Mr. Big

Pretty people, flavor of the week
Bleed for the camera, beauty is a beast
They say jump, you say how high
Sifn em up wind em up
And watch em all imortalized
Turn on the runway lights
Blow up your big doll hair
Break out the pearly whites Welcome to eternity
Baby's gonna be a big star
Golden opportunity
Sugar sweet and touch of bizarre
And all the word will see
Another wanna be gone wild
A cinderella smile
Famous friends everybody knows
Ban mona lisa smelling like a rose
Deadly curves showing more skin
Can't be too rich, can't be too thin
Turn on the runway lights
Blow up your big doll hair
Wave old milwaukee goodbye
Welcome to eternity
Baby's gonna be a big star
Golden opportunity
Sugar sweet and touch of bizarre
And all the word will see
Another wanna be gone wild
A cinderella smile
