The Dive

Culture Club

When I wake up feelin' victimized
There was nothin' that can stop my eyes
From cryin', cryin'
Nobody likes to be alone
When you put the pressure down on me
'Cause I don't quite fit your imagery
I'm tryin', tryin'
Baby, I'm no superman
Baby, I'm no superman
Eyes like a deep blue sea
Is to dive in, dive in
Love that you give to me
We're survivin', survivin'
When love is gone, I can't carry on
When you know that love is on my mind
When you know that love is on my mind
It's a perfect chance to be unkind
You do it, do it
Within the arms of misery
Being sly you take a chance on crime
But the master has a new design
On loving, living
Out and in the enemy
Out and in the enemy
Eyes like a deep blue sea
Is to dive in, dive in
Love that you give to me
We're survivin', survivin'
When love is gone, I can't carry on
Eyes that open wide
Do you do
The love you give the child
Do you do
Why do you do that to me?
When I wake up feelin' victimized
There was nothin' that can stop my eyes
From cryin', cryin'
Nobody likes to be alone
When you put the pressure down on me

'Cause I don't quite fit your imagery
I'm tryin', tryin'
Baby, I'm no superman
Hey baby, I'm no superman
Eyes like a deep blue sea
Is to dive in, dive in
Love that you give to me
We're survivin', survivin'
Eyes like a deep blue sea
Is to dive in, dive in
Love that you give to me
We're survivin', survivin'
Eyes like a deep blue sea
Is to dive in, dive in
Love that you give to me
We're survivin', survivin'
Eyes like a deep blue sea
Is to dive in, ooh dive in
Love that you give to me
We're survivin', survivin'
Eyes like a deep blue sea
Is to dive in, ooh dive in
Love that you give to me
We're survivin', survivin'
Love that you give to me
Dive in, dive in
Love that you give to me
We're survivin', survivin'
Eyes like a deep blue sea
Is to dive in, dive in
Love that you give to me
We're survivin', survivin'
Eyes like a deep blue sea
