

# Breathing Lessons

## Saga

I know how to roll a seven  
& I know I've got a place in heaven  
    But I'm in no hurry to go  
    I know all the compromises  
    & I've seen all the shapes & sizes  
But I never go with the flow[bridge]I think I need some breathing lessons  
    Sometimes I go too far  
    I know I need some breathing lessons  
Show me where to startI don't know how to change the weather  
    But I've seen you in lace & leather  
    & I keep that thought to myself  
    I know how to live on credit  
    Take a dive & never regret it  
So much for sharing the wealthI think I need some breathing lessons  
    Sometimes I go too far  
    I know I need some breathing lessons  
    Show me where to start  
    [chorus]Breath in, Breath out  
You don't know how I need you right now  
    Breath in - If I let go  
    And breath out- Tell me you'll catch me  
I know that you will show me howI think I need some breathing lessons  
    & I know how to lock & load it  
    & I know how to crack and de-code it  
    Call it my fortunate fame  
    I know how to do what matters  
    Shake the tree & how to climb the ladder  
    I'm at the top of my game  
    [repeat bridge]  
    [repeat chorus]
