

I Found My Peace

Daps Dalyop Gwom & Margaret Motsage

now I can stand on mountains
now I can face my stones
now I can write my story
how I met this king of glory
I have a testimony
I have his victory
I met this king of glory
He came and change my story
Now I can stand on mountains

I lost my praise praise praise the day I lost Jehova
hum hum
I found my praise praise praise the day I found Jehovah
hum hum
I lost my strength strength strength the day I lost Jehovah
hum hum
I found my strength strength strength the day I found my God
now I can stand on mountains
now I can face my stones
now I can write my story
how I met this king of glory
I have a testimony
I have his victory
I met this King of glory
he came and change my story
even though I lost my all
I can never loose Jehovah
even though I loose my chance
I can never loose my God
even though I loose my peace
I can never loose Jehovah
even though I loose my birth
I can never loose my God
