Belief in the one true power
Belief in the one true power
Belief in the one true power
Can't stop the sound
Can you?
Can't stop the sound
Can't stop the sound
I can't stop you
X your eyes
Let the tape roll
Aren't you gonna get sick?
'Cause that's right, good work
Do wanna get sick?
That's right, good work
Aren't you gonna get sick?
'Cause that's right, good work
Aren't you gonna get sick?
Sick, sick, keep up the good work
X your eyes
Let the tape roll
Belief in the one true power
Can't stop the sound
Can you?
Can't stop the sound
I can't stop you
X your eyes
Let the tape roll

Aren't you gonna get sick?
'Cause that's right, good work
Do wanna get sick?
'Cause that's right, good work
Aren't you gonna get sick?
'Cause that's right, good work
X your eyes
I'll tell you, wait
So your troubles continue to multiply
And to grow in a direct result of your being misguided
Deceived, misdirected or fooled

All theses are variations of the basic ego
Gloried wide theme in which
You follow the Gospel truth
Pursuing the wrong ideals and goals
That lead you into sickness unto *** off
And from this sickness sprang the belief
In the one true power, yes
That cure that promised to erase the symptoms
That stood between you and your goal
That's seductive to hear that offered relief and comfort
Without disturbing the faulty system of your beliefs
Belief in the one true power, beliefs
Forever and ever, one nation under ***
The Father, the Son and the Holy ***
In Jesus' name, Amen
