

# The Moment

## Tiny Animals

I'm sick of clowning round for all your fools  
The city sounds a pretty girl or two but all these rules  
I feel worn out like the sandy shore, washed up old and bored  
Bigger man is only what you think you see I need to break out and remember when  
I wasn't stuck here far from lucky days and all my friends  
I need release this time to pull the cord, going overboard  
Bigger man is only what you think you see Could you fortune teller take this spell of me?  
Let me off this roller coaster, set me free  
Everyday is a war and I'm drowning slowly, drowning slowly  
Don't you give up, don't you give up  
Don't you give up on me You can't say we didn't try  
We don't have to answer why  
There is nothing I can do to make me forget you  
So let's got for a ride  
Let's go for a ride Don't you give up, don't you give up  
Don't you give up on me
