

# Tattered and Torn

## Slipknot

Kill Me  
Tattered and torn  
Something aches  
Tattered and torn  
Bad things slither  
Tattered and torn  
My floors are burning down  
Tattered and torn  
And I can't find a window

Tattered and torn  
This is medieval  
Tattered and torn  
This is cerebral  
Tattered and torn  
Suffocated  
Tattered and torn  
Melodramatic

Tattered and torn  
Driven to the verge of  
Tattered and torn  
I make you my enemy  
The nerves you sever  
Tattered and torn  
Can serve you better

Tattered and torn  
In the blink of an eye  
Tattered and torn  
In the space of a second  
Tattered and torn  
Open my wrists  
Tattered and torn  
Give me my lessons

Tearing myself apart  
From the things that make me hurt!
