

# Who's That Girl?

## Eurythmics

Who's that girl?The language of love  
Slips from my lover's tongue  
Cooler than ice cream  
And warmer than the sunDumb hearts get broken  
Just like China cups  
The language of love  
Has left me broken on the rocksBut there's just one thing  
Just one thing  
But there's just one thing  
And I really wanna knowWho's that girl  
Running around with you?  
Tell me, who's that girl  
Running around with you?Tell me, who's that girl  
Running around with you?  
Tell me, who's that girl?The language of love  
Has left me stony gray  
Tongue tied and twisted  
At the price I've had to payYour careless notions  
Have silenced these emotions  
Look at all the foolishness  
Your lover's talk has doneWho's that girl  
Running around with you?  
Tell me, who's that girl  
Running around with you?  
Tell me, who's that girl?But there's just one thing  
Just one thing  
But there's just one thingTell me, tell me  
Who's that girl  
Running around with you?  
Tell me, who's that girl  
Running around with you?Tell me, who's that girl  
Running around with you?  
Tell me, who's that girl  
Running around with you?
