

Somedays

Great Big Sea

Somedays, I feel sad and lonely
Somedays, I feel fine
Somedays, the clock just ticks too slowly
And I wish away my time But when you come to me
I realize, how wonderful this life can be
With you, you and me Somedays, I get so psychotic
And somedays, I am blue
Somedays, I sip my gin and tonic
And I wonder what the world will do Somedays, I think, I just fell from the sky
Somedays, I see a child and start to cry
But everyday, I try Somedays, I am virtuous
More days I am bad
Somedays, I just can't get enough
Of the sweetest thing I've ever had Somedays, I think, I just fell from the sky
Somedays, I see a child and start to cry
But everyday, I try
