

# Apathy

## Ramp

Yeah, we all went blind  
Wearing masks of life  
Forgetting what was done  
Done for ourselves  
Yeah, we all seem tied  
Selfish hypnotised  
Going slitly mad  
Throwing awayAll that magic youth  
Of our strong refuseYeah, we all went blind  
Wearing plastic smiles  
Wasting what we've done  
Trowing awayAll that magic youth  
Of our strong refuse  
All our history  
All our fights
