There Are Stars

dotsun moon

There are stars Up above
Spreading all of their loveThere are stars Up above
Spreading all of their loveOh come to bed
And rest your weary headCome bathe your soul
In the cooling breeze of homeOh - Oh oh ohThere are stars Up above
Spreading all of their loveThere are stars Up above
Spreading all of their loveOh - Oh oh ohAll that time Wasted by design
All that time Rest your weary mind
Do do do doPiano partAll that time
Wasted by design
All that time
Rest your weary mind
Do do do do
