Chloroform

Nothing

A light drains in
Under the door
I tried to sleep away the
Hundreds of days before
But I'm still here
Locked in chains
Under the floor
Cover my lips
Chloroform
A bowl of food
A sponge to clean
Myself of any pride and
Polished humility
I'm here for you
Locked in chains
Under the floor
Cover my lips
Chloroform
and i fear that i am never coming homeDuct taped eyes
Fear no more
It's over now
Chloroform
