Dreamscape

You say, "It's a new year"
I say, "I still want you here"
You say, "You'd better get your head together"
I say, "Let's wait for better weather"Love me through the bad years
Love me 'til it's spring again
Love me through my hopes and my tears
Love me 'til we have no fearsTake me there, in your mind's eye, out of time
Love me again, before we pass out of time
