Don't Care

Obituary

Come on, don't do well
Where I feed the living hearts
I got a torch to light
Feel these smelted fires burnI don't care what they say
I don't care, I'll do what I wantI am by your side
Tell me you think what to do
No way, I don't fear
Slow down, follow in my graveI don't care what they say
I don't care, I'll do what I wantYour ways, I despise
Go forth and get with your own kind
We've got fumes to behold
Setting, one size of fortuneFarewell to great friends
These will face the burning sun
Tattooed shadows lifted
Fear not, like the burning plagueI don't care what they say
I don't care, I'll do what I wantBright light the sear his face
Pitfalls twisted
Call me far from now
I survived through all this hellI don't care
I don't care
Don't care, I don't care
Don't care, I really don't care
