

# Yeah Is What We Had

## Grandaddy

'Yeah', is what we had  
'No', we never knew  
'Good', 'good', is what we understood  
'Yeah', is what he had  
'No', we never knew  
'Good', 'good', is what we understoodNow I walk alone through howling winds  
Fast food bags wrapped round my shins  
Remembering, wondering  
In this life will I ever see you again?  
In this life will I ever see you again?'Cause 'yeah', is what he had  
'No', we never knew  
'Good', 'good', is what we understood  
'Yeah', is what he had  
'No', we never knew  
'Good', 'good', is what we understoodData files and dinner dates someday  
An' telling, I had best be on my way  
Remembering, wondering  
In this life will I ever see you again?  
In this life will I ever see you again?  
In this life will I ever see you again?  
In this life will I ever see you again?
