

# Orchid

## Blutch

Me and my helmet  
Such an unconventional kid  
    All intense and kinetic  
    St best tolerated from afar  
        Not yet arrested  
        And by that I mean betrothed  
    Though a start I am newly courted  
    I've just not been trusted with alters  
        I'm a sweet piece of work  
        Well intentioned yet disturbed  
        Wrongly labeled and underfed  
    Treated like a rose as an orchid  
        My friends as they weigh in  
        Get understandably protective  
    They have a hard time being objective  
        So inside we cancel each other out  
        I'm a sweet piece of work  
        Well intentioned and unloved  
        Unlabeled and misunderstood

Treated like a rose as an orchid  
    You've brought water to me  
    Making sure my bloom rebounds  
        You know best of what  
        My special care allows  
    So I've lived in my blind spot  
    Thought myself usual when I'm not  
        And your garden is a nice spot  
    As long as it is brave and where you are  
        For this sweet piece of work  
        High maintenance and deserted  
    I've been different and deserving  
        Treated like a rose as an orchid  
        Sweet piece of work  
        Overwhelmed, unobserved  
    I've been bowed down to but so misread  
        Treated like a rose as an orchid
