

# World Cry

Kyan Lovelace

(K'Naan)

Ever wondered about the hurricane?  
Ever see the anger in the rain, false  
I think it's just the world crying for  
Asking what the hell we dying for  
But here's Lloyd, R. Kelly, miss Keri  
And K'Naan, yo the shit is getting scary

(Lloyd)

They spend up all our money, yeah  
On the rockets in the sky, ah, ah,  
But they don't have a reason  
So they generate a lie  
To destruct us from the times  
There's a hood in every city, yeah  
From Compton to Bombay, yeah, yeah  
When nobody likes to be there  
The system found a way  
That made them wanna stay  
And I say, ah, da ri rap da ra ra, da ri rap da ra ra  
Da ri rap da, yeah  
I hate to see the whole world cry,  
I hate to see the whole world cry  
If it was up to me, I would wipe tears from your eyes  
I hate to see the world cry

(R.Kelly)

We need a plan, anybody please  
So sick of this god damn earth  
That I wish that I could hitch hike to heaven  
And buy the god's studio and put in work  
Playing down my melodies,  
Get the whole world one song to sing  
Cause hatred's got ourselves a pickle  
A love costs 5 cents less than a nickel  
I'm talking about one voice, one love, one call up  
Nobody's rich, nobody's poor  
Nobody's less, nobody's more  
Nobody's winning, nobody's loosing  
No categories, we all music

If we can't come to see

If the whole world needs me  
Then we can touch and agree  
That we are the true enemies  
And it makes me wanna say

Na na na na na na na na

Na na na na na na na na

I hate to see the whole world cry,  
I hate to see the whole world cry  
If it was up to me, I would wipe tears from your eyes  
Cause I hate to see the world cry

(Keri Hilson)

Looking in the mirror, seeking in the peace  
Every day's constant battle  
Between what's wrong and right  
I just wanna live my life  
Praise for the future

Is that we learn from our mistakes, oh yeah  
Halfway into destruction  
But it's not too late

To lay to make a change

So I'll say

Da ra rap da ra ra, da ra rap da ra ra  
And I hate to see the whole world cry

I hate to see the world cry

I hate to see the whole world cry

If it was up to me, I would wipe tears from your eyes

I hate to see the world cry

I don't wanna see them cry

Somebody help me understand  
Anybody got a plan, whoa, whoa  
I hate to see the whole world cry

(K'Naan)

Streets on fire, burning

Every herd every city is hurting

I will wipe every tear, you she'd in

Cause I hate to see the whole world cry

I hate to see the whole world cry

I hate to see the whole world cry
