

# Everybody Knows

Phora

All these days I'm thinking of you  
You're leaving me behind  
I'll put it all behind  
Just to be close to you Everybody knows you don't feel how I feel about you, girl  
Everybody knows you fucked me over and I'm still about you, girl  
Everybody knows I was nothing like your last  
I should put you in the past  
They thought me and you would never last  
But we fight then we break up, aye  
Then we fuck 'til we make up, yeah  
Through the nights that we wake up, aye  
It ain't right, nah, it ain't love  
But I need you, I need you  
We fight then we break up, aye  
Then we fuck 'til we make up, yeah  
Through the nights that we wake up, aye  
It ain't right, nah, it ain't love  
But I need you, I need you  
Need you, you, you, you, you  
Need you  
Need you, you, you, you, you  
So how can you question that?  
All this time, shit, I had your back  
All these problems you had, I was there for you  
Gave all my time to you, I just can't get that back  
If I had a chance to go back, I wonder, "Would I redo it?"  
That fake smile, yeah, I see through it  
I see the pain behind it, your heart's capable of love, I just didn't have the key to it  
Should I leave you in the past?  
They say love's worth waitin' for  
What's love if you can't affordâ€”  
To spend all your time bein' hurt? I can't take no more  
What it was, it just ain't no more  
See, I can never tell what's real and fake no more  
I don't know what to say no more  
I guess my definition of love ain't the same as yours  
Like I've been in this place before  
Way more times than I shoulda been  
Tryna break out of the box that they put us in

And I caught myself thinkin' like way back  
Thinkin' 'bout me and you and what we coulda been  
First, you hate me then love me again  
You start to miss me then we fuckin' again  
Then we back to fightin', you don't trust me and then  
You forget about me and I'm nothin' again, like I can't front, all the sex and the hair grey  
But all the stress in my head, aye  
See, I'm broken and you know it  
Lately, I've been tryin' not to show it  
So hit me on the late night, girl, when you need  
And I'll be around, yeah, you know I'm still down  
We fight, we fuck, it's back and forth  
You front like you leavin', but you always end up comin' back for more  
And that's real Everybody knows you don't feel how I feel about you, girl  
Everybody knows you fucked me over and I'm still about you, girl  
Everybody knows I was nothing like your last  
I should put you in the past  
They thought me and you would never last But we fight then we break up, aye  
Then we fuck 'til we make up, yeah  
Through the nights that we wake up, aye  
It ain't right, nah, it ain't love  
But I need you, I need you  
We fight then we break up, aye  
Then we fuck 'til we make up, yeah  
Through the nights that we wake up, aye  
It ain't right, nah, it ain't love  
But I need you, I need you  
Need you, you, you, you, you  
Need you  
Need you, you, you, you, you All these days I'm thinking of you  
You're leaving me behind  
I'll put it all behind  
Just to be close to you  
All these days I'm thinking of you  
You're leaving me behind...
