

We're Gonna Win

Bryan Adams

We're gonna win
Don't wanna be a loser, gonna win
'Cuz winnin' really is the only thing
Get out of the way we're comin' in
If you wanna fight just step inside the ring
Does anybody wanna take a swing?
It's gotta be all or nothin'
Oh, we're gonna be the champions
Yeah, we're goin' all the way, we're gonna win, win
We're gonna win
Forget about a draw, we're gonna score
And then we're gonna get a few more
Maybe another one just to be sure
We'll make you look just like an amateur
Until the final whistle it's a war
And then we're gonna pick you off the floor
We wanna hear the crowd really roar
Yeah, we're comin' in we're gonna win, win
Yeah! We're gonna win, we wanna win
'Cuz number one is everything
We're gonna win, we wanna win
We're gonna be the champions
We're gonna win, win
Oh, yeah
Hey hey, we're gonna win
Don't wanna be a loser, gonna win
'Cuz winnin' really is the only thing
Get out of the way we're comin' in
If you wanna fight just step inside the ring
Does anybody wanna take a swing?
It's gotta be all or nothin'
Oh, we're gonna be the champions
Yeah, we're goin' all the way, we're gonna win, win
Oh!
