

# Not My Girl

## Tokyo Police Club

Truth or dare, it's in the air  
Ten feet under water playing millionaires  
A swimming pool and a cruel summer  
This is how I met you Went to the city, in someone's basement  
We paid four-fifty  
Woke in the morning and you were different  
It goes so quickly Time doesn't mean much to me, doesn't mean much to me  
If you're not my girl  
Time doesn't mean much to me, doesn't mean much to me  
If you're not my girl, you're not my girl, you're not my girl, you're not my Blown to bits, the greatest hits  
Sing 'em to your children, and their childrens' kids  
A microphone and a cruel lover  
How can I forget you? Back in the city, I check the statements  
I pay nine-fifty  
Woke in the morning and I was different  
It goes so slowly Time doesn't mean much to me, doesn't mean much to me  
If you're not my girl  
Time doesn't mean much to me, doesn't mean much to me  
If you're not my girl, you're not my girl, you're not my girl, you're not my Time doesn't mean much to me,  
doesn't mean much to me  
If you're not my girl  
Time doesn't mean much to me, doesn't mean much to me  
If you're not my girl Time doesn't mean much to me, doesn't mean much to me  
If you're not my girl (you're not my girl)
