Beautiful Burnout

Waaktaar & Zoe

Prince Street looks alright
in the dawning light
Everybody's on the way

Everybody's on their way to work

Like a beautiful burnout
I can wander around
I don't mind if I turn out
unlike those i'm around

Yes, like a beautiful burnout
I can wander around
I don't mind if I turn out
unlike those I'm around

Prince Street looks alright
in the dawning light
Everybody's on the way
Broome Street seems ok
at the break of day
Everybody's on the go
Everybody's on the go go go

Like a beautiful burnout
no one's waiting on me
I have nothing to churn out
There's no place I must be
