## Taking Back Sunday

Come on just say it  
You need me like a bad habit  
One that gives you the interest of in depth and love  
Come on just say it (Are you afraid to),  
You need me like a bad habit (Say what you want to, tell me you want to)  
One that gives you the interest of in depth and love (Are you afraid to say what you want to, tell me you want to)Well I hold my tongue, use it to assess  
The damage from way back when it mattered  
But nothing seems important anymore  
We're just protecting ourselves from our selfAnd I don't think I'll ever come back down (I don't think I'll ever come back down)  
I don't think I'll ever come back down (I don't think I'll ever come back down)  
I don't think I'll ever come back down (I don't think I'll ever come back?)  
I don't think I'll ever come back?Are you ashamed to say what you want to tell me you want to  
Are you ashamed to say what you want to tell me you want to  
(Come on just say it) Are you ashamed to (Come on just say it) say what you want to tell me you want to  
(Come on just say it) Are you ashamed to (Come on just say it) say what you want to tell me you want toAre you ashamed to say what you want to tell me you want to  
Are you ashamed to say what you want to tell me you want to  
(Come on just say it) Are you ashamed to (Come on just say it) say what you want to tell me you want to  
(Come on just say it) Are you ashamed to (Come on just say it) say what you want to tell me you want toAre you ashamed to say what you want to tell me you want to  
Are you ashamed to say what you want to tell me you want to  
(Come on just say it) Are you ashamed to (Come on just say it) say what you want to tell me you want to  
(Come on just say it) Are you ashamed to (Come on just say it) say what you want to tell me you want toI'm making the difference  
It just seems pointless  
Well I'll be obvious  
That's got out of focus  
Why can't you just be happy  
Why can't you just be happyAnd I don't think I'll ever come back down (I don't think I'll ever come back down)  
I don't think I'll ever come back down (I don't think I'll ever come back down)  
I don't think I'll ever come back down (I don't think I'll ever come back?)  
I don't think I'll ever come back...(Just come back (Repeat 32 times))  
Just come on just say it  
Come on just say it  
Well I'll just say it  
I'll just say it,

I need you defenseless, dependent and alone  
She says live up to your first impression  
Well my best side was your worst invention  
In case you live without the intention  
In case you live without the intention  
She says live up to your first impression  
Well my best side was your worst invention  
In case you live without the intention  
In case you live without the intention  
She says live up to your first impression (Come on, just say it)  
Well my best side was your worst invention (Come on, just say it)  
Why can't you live without the intention (I need you defenseless, dependent)  
Why can't you love without the intention (alone)  
She says live up to your first impression (I just say it)  
Well my best side was your worst invention (I just say it)  
Why can't you live without the intention (I need you defenseless, dependent)  
Why can't you love without the intention (Alone)  
Why can't you love (Defenseless, dependent)  
Why can't you love (Defenseless, dependent)  
Why can't you love, without love without (Defenseless, dependent, defenseless, dependent)  
Why can't you love (Defenseless, dependent)  
Why can't you love (Defenseless, dependent)  
Why can't you love, without love without love (Defenseless, dependent, defenseless, dependent)
