

# Moment of Impact

## Fear Factory

Falling from the sky and I have lost all track of time  
Every image of my life flashes before my eyes  
Floating deep precise time of eye of my demise  
My said prayers of circumstance  
Have recently expired I pray in spite  
My soul my life Straining every muscle for my contact with fate  
I could never dream my life would end this way  
Cross my heart and hope to die  
Fade to the black  
Brace myself the time is now  
The moment of impact I pray in spite  
My soul my life My cross (I pray)  
Will Hide (in spite)  
I pray (my cross)  
In spite  
My fears of impending doom that I'm about to die Brace for the shock  
The trauma  
Brace myself for the impact  
Brace for the shock  
The trauma  
Brace myself for the impact I can hardly breathe  
I can hardly breathe  
Cause I am choking on this deadly scream Brace for the shock  
The trauma  
Brace myself for the impact
