

# Paper Scars

## Lovedrug

Fall into pairs  
Like two ugly fish  
Too rare for extinction  
I know The veins in your hand  
Felt sort of like summer  
Calm to the touch  
On no And my God  
How did we survive  
The paper scars, oh  
Bless my stars You said you're sorry  
You said you're sorry  
You said you're sorry  
You said you're sorry
