

# Weed, Blow, Pills

## Three 6 Mafia

I'll be damned

Aye, this my favorite motherfuckin song on the album, mayne

You know what Im sayin, it's a weed song, a pill song

All wrapped into one man, weed, blow and pills

Man let's go Weed, blow, pills, what we slingin

Weed, blow, pills, what we fightin fo'

Weed, blow, pills, what we live fo'

Weed, blow, pills, what we get high all day on Weed, blow, pills, what we slingin

Weed, blow, pills, what we fightin fo'

Weed, blow, pills, what we live fo'

Weed, blow, pills, what we get high all day on Rappers get so high like they Tony Montana

Voice be so damn slurred, talkin ghetto hood grammar

Need to take a seat when you takin all them pills

Passed out on the street, your body rollin downhill This dope got my voice soundin like I'm chopped and  
screwed up

Dope got my voice soundin like I'm chopped and screwed

This dope got my voice soundin like I'm chopped and screwed up

Dope got my voice soundin like I'm chopped and screwed This dope got my voice soundin like I'm chopped and  
screwed up

I cant stand on my feet, so I'm crawlin to this cooler

So just to get a girl I gotta keep my buzz flowin

You wanna get high with me man, keep this shit potent Weed, blow, pills, what we slingin

Weed, blow, pills, what we fightin fo'

Weed, blow, pills, what we live fo'

Weed, blow, pills, what we get high all day on Weed, blow, pills, what we slingin

Weed, blow, pills, what we live fo'

Weed, blow, pills, what we get high all day on Yes sir, I grab me a gram up out the drawer, I break it, break it  
down

Keep it in plastic, I hit it hard, shake it shake it down

Grind it down fine, chop it up, make it powdery

Cut it into lines on the plate with the razor-y Razor-y, listen closely, must be done on smooth surfaces

No wood, you get the splinters in your noses

Get the straw, cut it short, slant it at the end

Two inches long, now you're good, go on dig in If it's your first time you probably won't feel it

Don't worry about it cause it might take a minute

Before I leave I got some more advice to tell

Rub it on a hoe clit, make her cum like hell yeah Weed, blow, pills, what we slingin

Weed, blow, pills, what we fightin fo'

Weed, blow, pills, what we live fo'  
Weed, blow, pills, what we get high all day on Weed, blow, pills, what we slingin  
Weed, blow, pills, what we fightin fo'  
Weed, blow, pills, what we live fo'  
Weed, blow, pills, what we get high all day on Weed, weed, weed, weed  
Blow, blow, blow, blow  
Pills, pills, pills, pills
