Southern Star

Alabama

Oh southern star how I wish you would shine

And show me the way to get homeWell I'm blue-collar branded and stuck in a mill

Hard work is a way of life for me

Well I'm too young to live like I'm over the hill

And too old to be wild and freeMy heart is homeward bound

I'm rolling with the feeling and I can't slow down

I need a guiding light

Shining down to lead me through the nightOh southern star how I wish you would shine

And show me the way to get homeOh, hey my D.J. friend, would you play me one more song

And let my mind just go and drift away

Now we all have a dream and a place where we belong

Somewhere we can go and escapeMy heart is homeward bound

I'm rolling with the feeling and I can't slow down

I need a guiding light

Shining down to lead me through the nightOh southern star how I wish you would shine

And show me the way to get homeOh southern star how I wish you would shine

And show me the way to get home
