All I Ever

Gems

whoa mmm oh alright ooh oh
Verse 1:
The way you make me feel,
it's like a dream to me.
Almost a fantasy
but it's reality.
The way you hold me tight,
the gentle kiss goodnight
and when you talk to me,
you call me your baby.
And I say I don't know,
but the thought you my way
and if I never know,
it's alright it's ok.
One thing that is for sure,
It seems that I adore,
What I'm saying boy
Is that you bring me joy
bridge:
To know that you have stayed
with me through everything.
It's like heaven sent you,
I'm glad I'm with you.
You mean so much to me...
chorus:
You know how i feel about you
I don't know what I would do without you
I need your touch, can't get enough
baby please don't ever take this feeling from me.
Can't take when we're not together
make no mistakes i wanna stay with you forever
Everynight and everyday in every way
All I ever think about you.
Verse 2:
Sometimes I think about
how I sursummed the past.
The things there weren't true,
things that wouldn't last.
And then I found you,

you made my hope anew.
Cause when I gave my trust,
you turned and gave me love.
I'll tell no promises,
but some I never kept
But boy you change the way
I thank you for everything.
That's what I look for,
a world of so much more.
And each and everyday,
you take my breath away.

bridge:
To know that you have stayed
with me through everything.
It's like heaven sent you,
I'm glad I'm with you.
You mean so much to me...
chorus:
You know, You know
You know how i feel about you
I don't know what I would do without you
I need your touch, can't get enough
baby please don't ever take this feeling from me.
Can't take when we're not together

Everynight and everyday in every way
All I ever think about you.
You got me high,
feeling so alive.
Everything about you,
you know I like
Glad your in my life
your my type of guy
Another just won't do babe
The way you walk,
the way you talk
Boy you got me caught
cause I can't deny how I feel inside
Boy you really blow my mind
All I ever do is sit and think of you
All I ever do is sit and think of you

Everynight and everyday in every way
All I ever think about you.
