Spellbound

ABC

Boy got paparazzi, rich lead to slum
Let him think the grass is greener, it always is for someone
Pilgrims and penitents, saying it's the end of the world
Let 'em wallow in their sorrow
I wanna live like there's no tomorrow with you girlWorld turns
(World turns)
Spins 'round
(Spins 'round)
Goes round and around and around and around
I'm spellboundAll day
(All day)
All night
(All night)
Shake it down, shake it down, shake it down, shake it down
I'm spellboundSun probes and moon shots explore the universe
Outer space must be a great place
Yet we're stranded here on earthWith tit for tat killers, junkie gurus
Let 'em wallow in their sorrow
I wanna live like there's no tomorrow just with you
(I wanna live just with you)World turns
(World turns)
Spins 'round
(Spins 'round)
Goes round and around and around and around
I'm spellboundAll day
(All day)
All night
(All night)
Shake it down, shake it down, shake it down, shake it down
I'm spellbound
(I'm spellbound)SpellboundWorld turns
(World turns)
Spins 'round
(Spins 'round)
Goes round and around and around and around
I'm spellboundAll day
(All day)
All night
(All night)

Shake it down, shake it down, shake it down, shake it down
I'm spellboundWhen we gonna learn? When we gonna learn to turn?
When we gonna learn to turn this world around?
When we gonna learn?
(When we gonna learn?)
When we gonna learn to turn?
When we gonna learn to turn this world around?When we, when we gonna learn? Yeah yeah
Show me, show me yeahWhen we gonna learn? When we gonna learn to turn?
When we gonna learn to turn this world around?
When we gonna learn? When we gonna learn to turn?
When we gonna learn to turn this world around?
