Ailurophile

Anna Murphy

I don't love him
like you do her
you show me pictures - I'm in search of them

but if I would,
say in a year maybe two,
come to you,
play it cool,
and ask you,
would you let me in?
would you let me in with my little dog?

ailurophile
it's been quite a while
don't want to purr for you
all these things you make me do

ailurophile
I walk my dog each day and I
then come back home to you
tell you that my love is true

ailurophile, ailurophile

how'd you like my starting line so far?
simple as boy meets girls
just with cats and dogs
I behave like a little child
to cover up that im in pain
I know its all in vain (I know its all in vain)

ailurophile
it's been quite a while
don't want to purr for you
all these things you make me do

ailurophile
I walk my dog each day and I
then come back home to you

tell you that my love is true

ailurophile (let's invite the girl with dogs)
ailurophile (don't you want to dream - dream of waht could be)
a pretty cat sitting in his lap
