Yesterday

Lloyd

Life ain't sweet
Damn shol ain't peachy
Just keep ya head up
Oh babe
As I dig deep inside my soul
Look into my past
And all that I had through these glass windows
I find myself wandering' all alone
About the ways that yesterday
Changed the path I chose
Oh
Ain't no tellin' where I'd be
Dead or in the penitentiary
From shootouts wit' my enemy
Squeeze until my clips empty
But would they give sin to me
By the hands that was lent to me
Know that it was meant to be
To take over this industry
Yea
It's goin' down
No more gettin' left behind
It's time to shine
Mind on my grind
Look
And only the Lord knows
If I don't succeed
Then my family's left out in the cold
So I gotta play my cards
'Cause if I fold
No superstar, expensive cars
Or designer clothes oh
Ain't no tellin' where I'd be
Dead or in the penitentiary
From shootouts wit my enemy
Squeeze until my clips empty
But would they give sin to me
By the hands that was lent to me
Know that it was meant to be

To take over this industry
Never feelin' bad, situations gettin' sad
Just gotta move on, sun gone shine
Just wait till mornin' yea
Outta all the struggles
All the pain, all the hurt
It's alright
Gotta be strong, time moves on
No matter what
When situations get bad
When times get sad
Gotta keep yo mind up
Gotta keep ya grind up
From 99, never let it behind
Just gotta stay ahead of the race, keep up my pace
It won't be long, when a feelin's all I can take
I see my heartbreak, just makes me strong
No matter what nobody say
I got rhymes to make I'm reachin for the throne
'Cause I know that my yesterday
Been the best of dayz just take it slow
See I know though I'm young
Money don't grow on trees
Only 18
But I done seen some shit
You know yea I run wild
Live the fast lane lifestyle
I can't help I'm a ghetto child
It's all good now I see
I hear now reach 8 feet
You know
Ain't gotta smell that piss in the project halls
I gotta new place to stay now nigga
Yea but uh, I'm a focus still in the hood
I'm coming' back, takin' all y'll niggaz wit me
Gotta do this together
