## Male Bonding

Pumpkin  
Youre hollow within  
More how Im to slowly  
Let their harm  
Give us someIts sad until  
Like flowers untamed  
Shine out ends  
I find what will make him love me  
Life is our find  
Hollow is heI cant breathe and I cant see  
MTV moves too fast, I refuse to understand  
You go your way and Ill see mineFeels like wasted time  
And it feels like I must be blind  
Howd you like yourself?  
You dont know yourselfTo a hollow kind, dont mind  
Love is some of you  
Dont dabble in fall of failure  
How, how bad, ooh, oohI smell of she and I fail to be  
Well anyway, well anyway, well anywaySee how high  
Go onI cant see, and I cant breathe  
I cant see, and I cant breathe  
I cant see, and I cant breathe  
I cant see, and I cant breathe  
Well anyway, well anyway
