

So Good (Aurora vocal club mix)

[Rachel Stevens](#)

I got this feelin' that you're taking me under
I got this feelin' that you're taking it down
'Cause it's you, you, you
All you
Came and get it I strive to see the way you're taking me over
My eyes are open to you foolin' around
'Cause it's you, you, you
All you
Came and get it Gonna show you
I made it on my own, again
I'll get back on my feet again
I know I'm gonna feel
So good, and so good, and so good I'm gonna stand the test of time
I'm gonna take back what is mine
I know I'm gonna feel
So good, and so good, and so good Well you've been acting like you're seeing another
Another victim that you've caught in your web
'Cause it's you, you, you
All you
Come and get it I'd like to watch you suffer ever so slightly
You better watch your back, you better beware
'Cause it's you, you, you
All you
Come and get it Gonna show you
I made it on my own, again
I'll get back on my feet again
I know I'm gonna feel
So good, and so good, and so good I'm gonna stand the test of time
I'm gonna take back what is mine
I know I'm gonna feel
So good, and so good, and so good I'm feelin' so good
I'm feelin' so good
So good
So good (Oh oh oh oh) So good, and so good, and so good
Yeah, Yeah Gonna show you
I made it on my own, again
I'll get back on my feet again
I know I'm gonna feel
So good, and so good, and so good I'm gonna stand the test of time

I'm gonna take back what is mine
I know I'm gonna feel
So good, and so good, and so good
